)	ORDER NO. 29400

NOTICE OF APPLICATION

YOU ARE HEREBY NOTIFIED that on November 17, 2003, Volo Communications of Idaho, Inc. ("Volo" or "Company") filed an Application for a Certificate of Public Convenience and Necessity to provide facilities-based and resold competitive local exchange and interexchange services within the State of Idaho. Principally located in Altamonte Springs, Florida, Volo is a subsidiary of Volo Communications, Inc., which is a wholly owned subsidiary of Caerus, Inc. Volo is incorporated in the State of Delaware.

YOU ARE FURTHER NOTIFIED that Volo requests authority to provide competitive local exchange carrier ("CLEC") services through a combination of facilities owned by it and the resale of exchange services of other carriers. The Company seeks authority to provide these services in the service territories of Qwest Corporation and Verizon Northwest, Inc. According to its Application, Volo has completed interconnection agreement negotiations with BellSouth, Sprint, and is currently completing negotiations with Verizon.

YOU ARE FURTHER NOTIFIED that Volo proposes to offer CLEC services through the use of one or more switches which it proposes to purchase and facilities through the resale of other Qwest, Verizon, or CLEC local services such as local transport and termination. Other than the installation and provisioning of one or more switches in office buildings, Volo does not at this time propose any "outside" construction such as the installation of fiber optic cable either underground or on existing utility poles. Volo's CLEC services will include both voice and data communications services.

NOTICE OF APPLICATION
 NOTICE OF MODIFIED PROCEDURE
 ORDER NO. 29400

YOU ARE FURTHER NOTIFIED that Volo plans to initially offer its CLEC services to carrier and business customers in select Idaho locations, although the Company's initial marketing efforts will be focused on the carrier market. However, Volo requests statewide authority so that it may rapidly respond to new and changing market conditions and the need for CLEC services in other parts of the state.

YOU ARE FURTHER NOTIFIED that Volo's Application states that prior to offering services as a certificated telecommunications provider, Volo will submit a signed copy of an escrow account with a bonded escrow agent or a security bond. The Application states that the escrow or bond shall be sufficient to meet customer deposit refunds in case of company default.

YOU ARE FURTHER NOTIFIED that the Application states that Volo has reviewed all of the Commission rules and agrees to comply with them or make a request for waiver of those rules believed to be inapplicable.

NOTICE OF MODIFIED PROCEDURE

YOU ARE FURTHER NOTIFIED that the Commission has determined that the public interest may not require a formal hearing in this matter and will proceed under Modified Procedure pursuant to Rules 201 through 204 of the Idaho Public Utilities Commission's Rules of Procedure, IDAPA 31.01.01.201 through .204.

YOU ARE FURTHER NOTIFIED that any person desiring to state a position on this Application may file a written comment in support or opposition with the Commission within twenty-one (21) days from the service date of this Notice. The comment must contain a statement of reasons supporting the comment. Persons desiring a hearing must specifically request a hearing in their written comments. Written comments concerning this Application shall be mailed to the Commission and the Applicant at the addresses reflected below:
